antifreeze recycling unit

*Learn how recy
waste antifreeze
you profits beyo*

WHY SHOULD YOU RECYCLE YOUR WASTE ANTIFREEZE ?

CHECK OUT THE NUMBERS ! -

\$ 1.79	- per gallon - cost of recycling antifreeze with the KLEER-FLO- (lowest cost in the industry)!
\$ 1.00 - \$ 2.00	- per gallon - typical cost to dispose of used coolant - (AND RISING)!
\$ 2.00 - \$ 4.00	- per gallon - typical cost for NEW antifreeze.
\$ 1.21 to \$ 4.21	= YOUR SAVINGS PER GALLON !!!

Turn what used to be a problem into a money making,
revenue producing segment of your business!

DON'T pay someone to haul off your waste antifreeze and **DON'T** buy new gly
at outrageous prices when you can recycle for so much less and profit from i
too! - with the GM and ASTM approved KLEER-FLO AF250 antifreeze recycle
The Kleer-Flo AF250 pays for itself - saves you money - AND helps you comp
with increasingly strict environmental laws!
**IF YOU'RE NOT RECYCLING YOUR WASTE ANTIFREEZE - YOU'RE THROWIN
MONEY DOWN THE DRAIN !**

YOUR COMPETITION IS RECYCLING - DON'T LET THEM HAVE THE EDGE !
