Oil Filter Crushers

Automotive & Heavy-Duty Truck Filter Crushers

Automotive or truck, both units will reduce filter size by 75%, and remove over 95% of the residual oil.

- ✦ Operates on shop air and can be set up anywhere.
- ✦ Compact size takes less than four sq. ft. of floor space.
- ✦ Heavy-Duty aluminum frame cabinet surrounds the high pressure hydraulic hose for added safety and shields components from damage.
- ✦ Unitized construction allows for easy maintenance.
- ✦ Easy to operate: Load the filter and close the door to activate the crushing cycle; operates unattended; safety switch prevents operation when door is open.
- ✦ Specially designed door channel prevents drips and leakage, keeping oil in the chamber and not on the floor.
- ✦ Optional floor stands or wall mount available. (See options)
- ✦ Requires filter regulator/lubricator. (not included - See options).
- ✦ One-Year Limited Warranty.
