No. 236-1874 - Hydraulic Press Oil Filter Crusher

Special \$169.95

No. 236-1874

Environment Protecting Product

An economical alternative to the 25-ton automatic oil filter crusher. Works with any 25 ton or smaller shop press. Removes up to 95% of the oil from pre-drained filters, and crushes most filters to just 1/4 of their original size.

Spring return arbor. Works on most automotive and light truck filters (**6" x 4" diameter**).

Includes adjustable press plate, shield, and drain hose. UPS Shippable. Wt., 32 lbs.
