

Soft sidewall Berm is high enough to contain liquids, low enough to drive through.

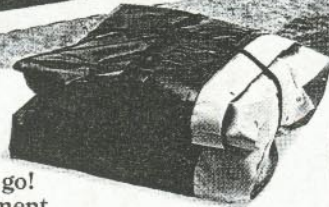

- One-piece design—nothing to assemble, no seams to split
- 88-gallon sump capacity—offers containment for up to sixteen 55-gallon drums

New!
in 2000

Why go to the expense of installing a permanent containment berm when you can have easy-access containment anywhere you need it? The one-piece FlexBerm Containment Pad goes to work immediately! There's no assembly required—just unfold it and it's ready to use. A generous 10' x 8', it's perfect for drum storage, small equipment washdowns, battery storage or vehicle maintenance. Yellow "skirts" on outer edge enhance visibility.

Soft sidewalls compress for easy "drive-thru."

Just fold and go!
This Containment Pad is easy to transport.

PAK625 • 11' L x 9' 10" W • 38 lbs.	\$749	\$719	\$695

Ground Tarp

Each	1	2+
PAK594 • Ground Tarp 11' L x 11' W • 20 lbs.	\$199	\$189

Chemical-resistant, all-poly PIG® Spill Pad contains up to 14 gallons of liquid—great for storing small containers!

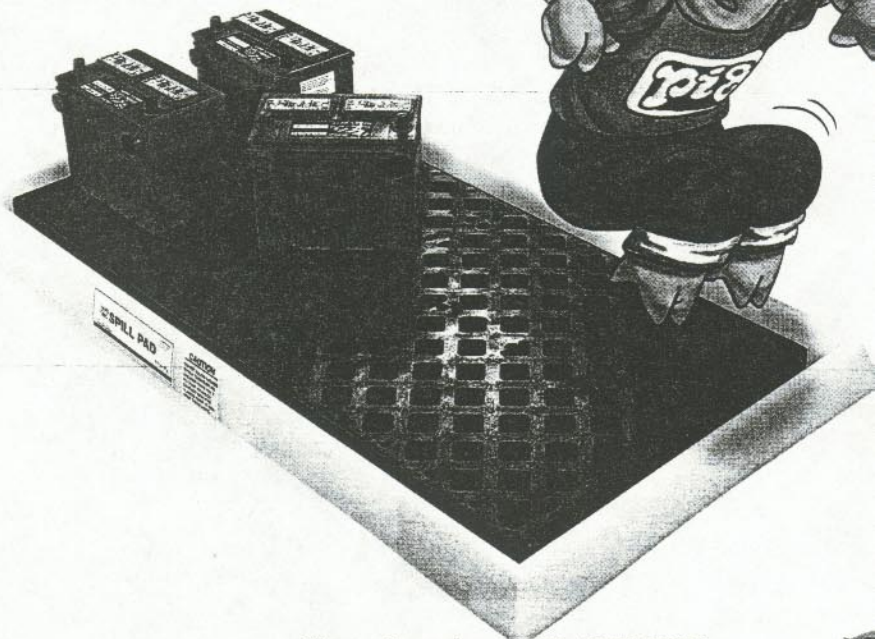

- Lightweight 34 lb. construction—easy to move from place to place
- ◆ Helps you comply with 40 CFR 264.175 [1999] for containment of haz-waste (depending on the size of container stored)

Why risk slippery, dangerous liquids leaking onto your floors? Here's the perfect Spill Pad for storing batteries or small containers of chemicals.

It's all polyethylene, so it's unaffected by harsh chemicals or battery acids. And its low 3½" profile makes it easy to load and unload heavy containers—there's no need to lift them far off the floor.

Removable grate allows easy access to sump for chemical retrieval and sump cleaning.

You won't find a more durable spill pad on the market!
